

Harbourside Cohousing Environmental Footprint Survey

The information on the following pages is the result of a survey completed by members of Harbourside Cohousing to get an idea of the difference in our environmental footprint based on where we live now and when we live at Harbourside Cohousing.

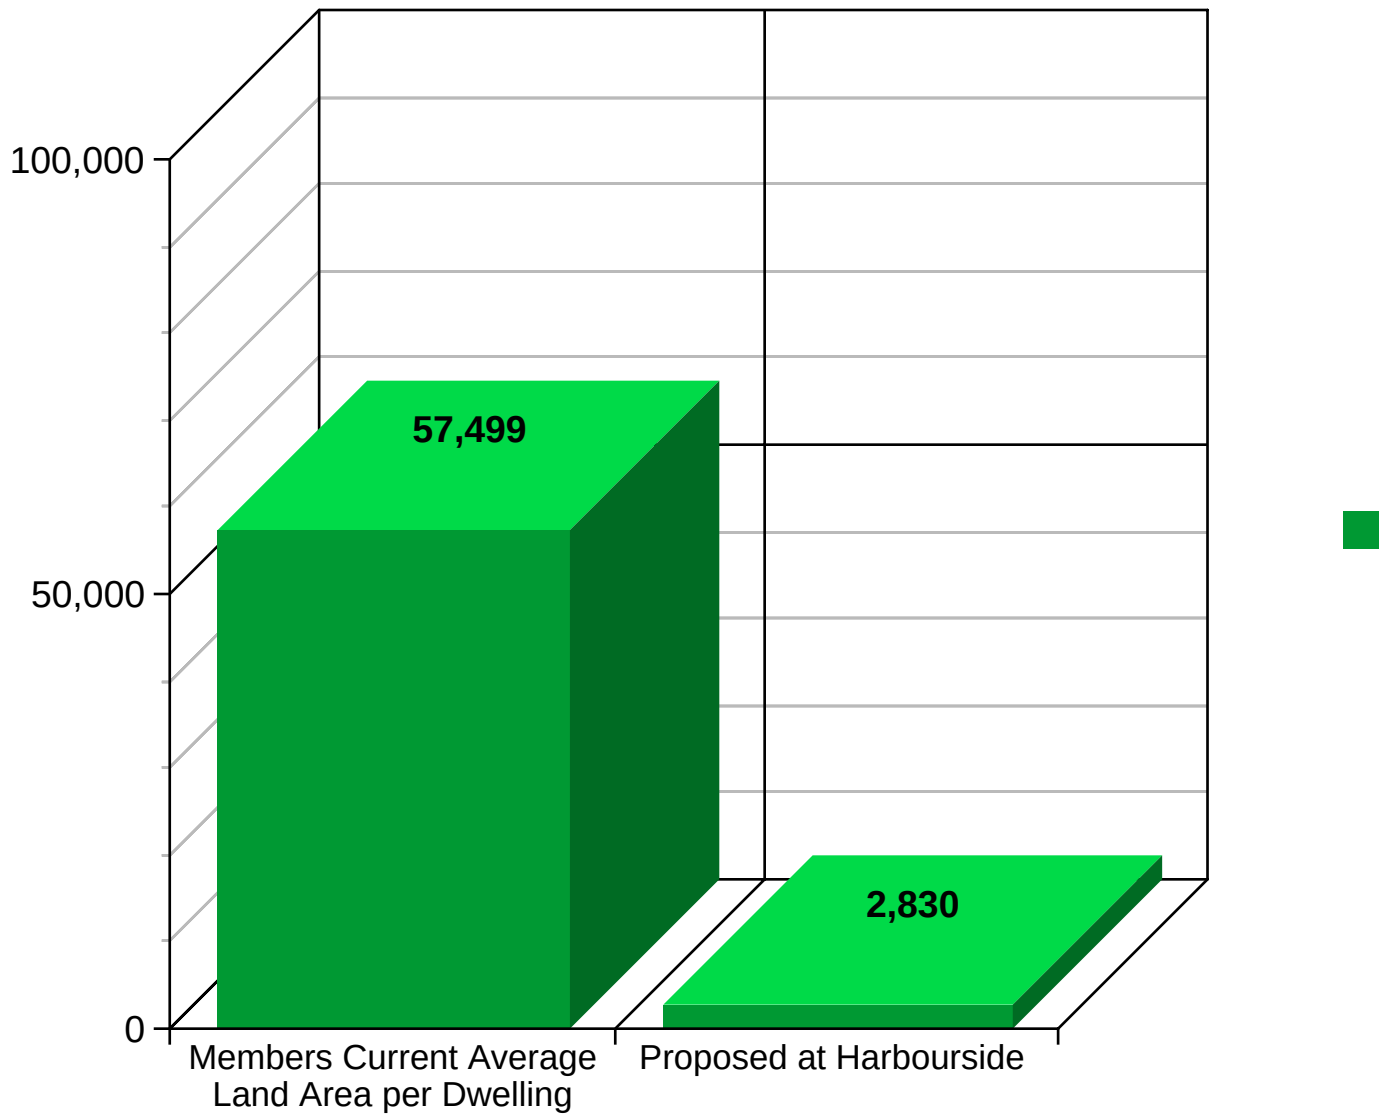

Distance to Services Comparison (in Kilometres)

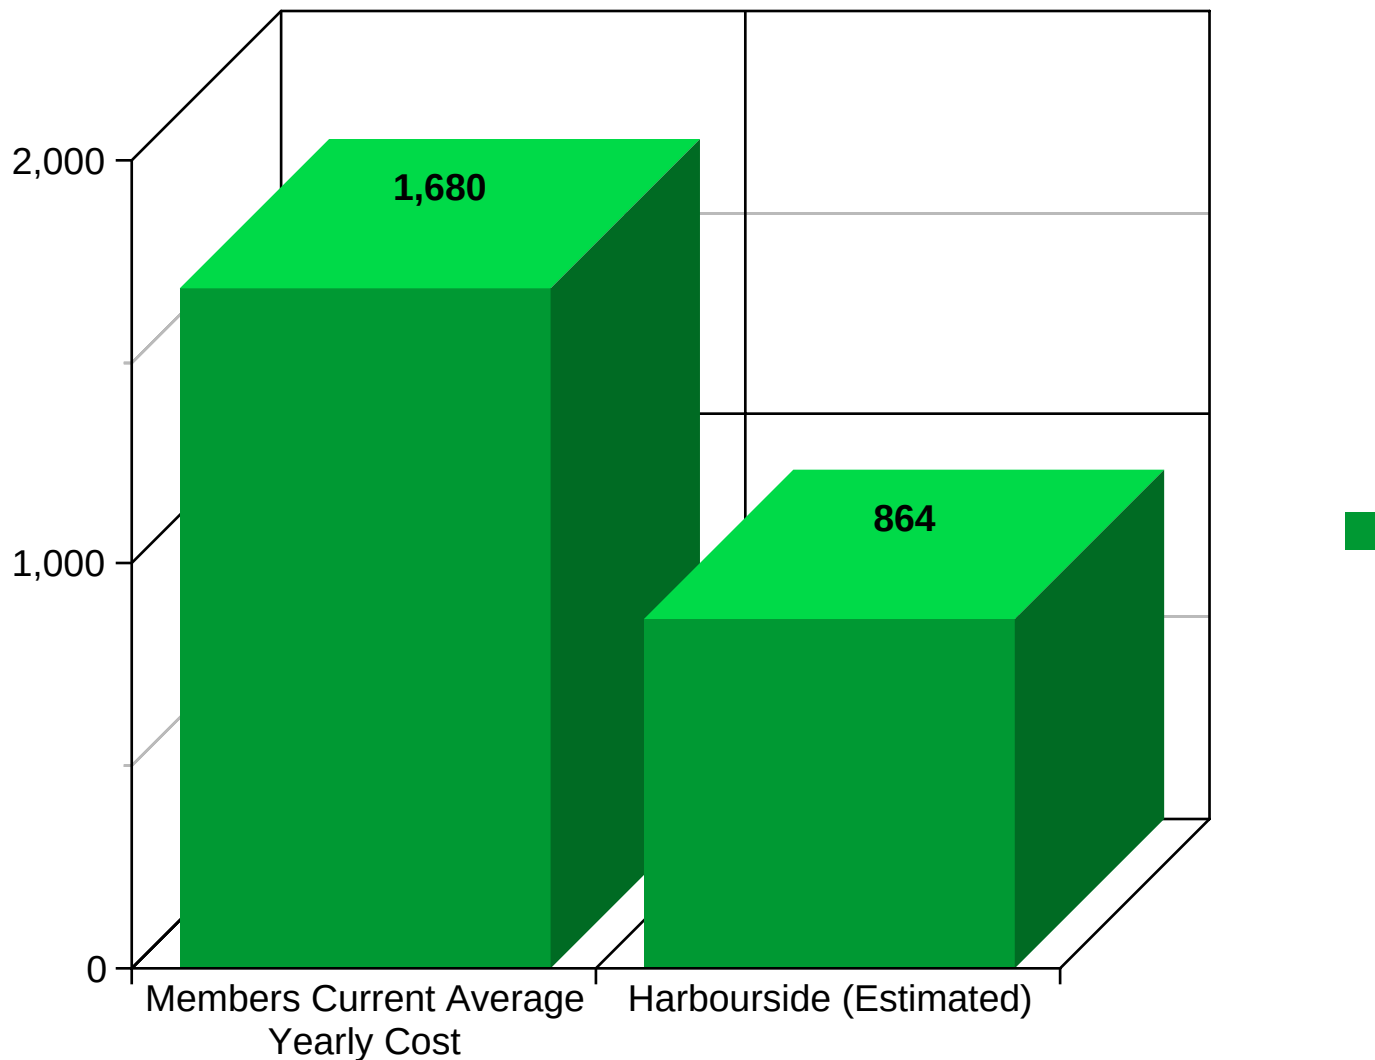

Dwelling Size Comparison (in sq. feet)

Land Footprint (area of land in sq. feet per Dwelling Unit)

Yearly Cost of Home Heating/Lighting in Dollars per Dwelling Unit

Harbourside (Estimated) is based on a 48% reduction in dwelling size
